

# GWPCA New Member Puppy Program

Welcome to the wonderful world of German Wirehaired Pointers, now that you have an adorable new puppy you may be looking to a support system for help with training, health, care and general questions. Besides your breeder there is a huge network of members and GWP owners across the country here to assist you in this journey. This network of people has come together to form the German Wirehaired Pointer Club of America (GWPCA).

The GWPCA was founded in 1959 with the purpose of serving GWP owners in a wide variety of areas under the American Kennel Club umbrella. With approximately 400 members, we have members in 40 states and several countries across the world. The GWPCA supports local GWP clubs in most areas across the country; publishes a regular magazine, the Wire~News, for its members; donates money to health research that impacts our breeds; hosts the National Events each year; and handles many more tasks in support of the breed.... **Enjoy all GWPCA membership benefits at a special discounted rate through this program!**

## A Few Reasons to Join The GWPCA.

- A subscription to the GWPCA Wire~News.
- Club E-mail updates with the Wire~Mail.
- Eligible for GWPCA Year End Awards.
